

Senior's Walk at Kurth Kiln 8 October 2012

Simon Harrex

More than 50 participants came, in two buses and private cars. Simon Harrex, Active Places Officer Cardinia Shire Council, welcomed everyone and invited them to help themselves to a cup of tea before starting the walk. Sorting themselves into four groups, refreshed and energetic the groups started off on their walks.

- The short and wheelchair walk started off on Soldiers Road. They parted company at Scout Camp Track, with the wheelchair group returning, and the short walkers taking the long way back via the Thornton Track.
- The medium walk was a circuit walk along Woodduck Track, Beenak Road, Shepherds Creek Road and Tomahawk Nature Trail.
- The long walk circuit started off on Beenak Road, to Possum Track, Monkhouse Track, Shepherds Road and back to Kurth Kiln on Tomahawk Nature Trail.

The long walk walkers stopped at the Bridge on the Nature Trail to look at the Tomahawk Creek and for a photos session.

By this time everyone was hungry and enjoyed the delicious meal provided by the Shire of Cardinia. Following lunch Alfred gave a short talk about the history of Kurth Kiln.

The Friends of Kurth Kiln sincerely thank Simon, Sarah, Aileen, Terry and the Shire of Cardinia for their enormous contribution in making the Seniors Walk such a huge success. It was a delight to hear so many participants saying how much they enjoyed the day.
